### Virginia Postmasters Receive Instructions

### MUST FALL INTO LINE

### Big Stick is Held Over Them by Administration.

### Delegations are Controlled by Postmasters and Federal Patronage Used.

(Washington, April 9.—The Republican Presidential allies, as the candidates who are trying to head off the Taft boom are called, gave out through their publicity bureau last night an interview with W. S. Baskerville of Roanoke, Va., who was an unsuccessful candidate for delegate to the national convention at the Sixth Virginia District convention at Lynchburg. Baskerville, who is in Washington, said last night:

"The Lynchburg convention was an interesting exhibit in patronage-controlled politics, and in this I presume was typical of the conventions which have been electing Taft delegates throughout the South. A dozen or 15 of the 63 delegates were Federal employees and a number of other officeholders were rooters on the side lines.

"Mr. Angell, who was elected one of the delegates, had been outspoken for Governor Hughes up to Monday. On that day Manager Frank Hitchcock, former First Assistant Postmaster-General and later among the Southern office holders as prospective 1st Assistant-General in case of Taft's nomination and election, used the telephone, calling up postoffices in the Sixth district.

"He connected the Assistant Postmaster of Lynchburg, a relative of mine, instructing him to communicate with the postmaster at Bedford City, who had been supporting Angell, and said that Angell must be defeated unless he would accept instructions for Taft. The assistant postmaster was also directed to line me up. Mr. Angell evidently agreed to accept instructions and was elected.

"The delegation from Halifax was controlled by the postmasters from South Boston and Houston and that from Bedford by the postmaster at Bedford City. It was a Federal machine made proposition from start to finish. It is doubtful if there has been a parallel in the history of the country for the cold-blooded, unbridled use of Federal patronage for the control of the affairs of a political party to that which is now going on in the South."

## BILL TO ABOLISH INFIRMARY DIRECTORS

Columbus, O., April 9.—One of the important bills passed in the Senate was that of Senator Russell of Shelby county, which abolishes the office of County Infirmary Director. The bill provides for the appointment of a superintendent of the infirmary, who shall exercise all of the duties that now devolve upon the directors. The appointing power is the board of county commissioners.

Springfield, Ill., April 9.—The state supreme court this morning denied a rehearing in the case of Herman Bilek, the Chicago murderer, convicted of killing several members of the Vrzal family for the sake of getting the insurance. An appeal will now be made to the governor and state board of pardons on the ground that the main witness against Bilek perjured himself.

## VOTERS MAY DIRECT COUNCILS IN GRANTING TRACTION FRANCHISES

Columbus, April 9.—By practically a unanimous vote the Ohio Senate agreed to the radical amendments of the House of Representatives to the Schmidt street railway bill, and thereby fixed the new policy of the state regarding the granting of franchises within its municipalities. This action created a profound surprise in legislative and political circles as it was thought the street railway interests would make a desperate fight against this final disposition of the bill. More surprising still, the vote was taken without debate. Evidently the members of the Senate were fully aware of what the amendments meant, and they were prepared to meet the issue.

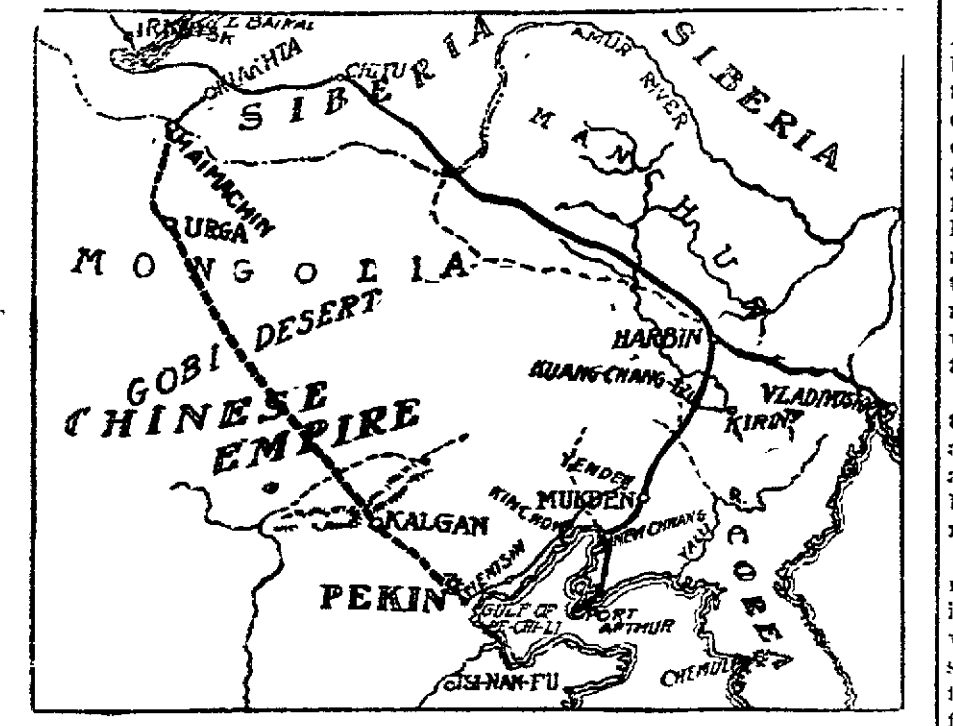

After the bill is signed by Governor Harris all franchises hereafter granted by the councils of the municipalities of Ohio will be subject to a referendum whenever the same is demanded by 15 per cent of the voters of the city, as based upon the last vote upon the mayorality question. This applies to new franchises, to renewals of old franchises and to ordinances granting extensions of existing franchises. The council is therefore no longer the final arbiter in these vital matters.

It was agreed in interested circles that the other section of the bill—that relating to the consents of abutting property owners—marks even a greater change. The time has evidently arrived when the rights of the majority of the citizens of a community will be considered paramount to those who live along the line of a proposed railway route, projected for the purpose of creating new avenues of transportation or enlarging those already existing.

The bill made a law is limited in its scope, but it contains the principle described, and, no doubt, in coming years this scope will be widened. Just now it applies only to streets upon which a railway route is in existence. These lines are opened to competition without the granting of the consents of the abutting property owners.

There are other street railway bills pending. Both are by Representative John Stockwell, of Cleveland, who has fought for an opening ever since the session of this Assembly was begun. One of them provides that the councils of cities may renew existing grants to the holding company or to any person or company under such terms as may be deemed conducive to the public interest. In other words, the holding company is placed upon a common level with other persons and companies at the end of the term of its grant, and the council may do as it pleases, subject, of course, to the general referendum.

## PROPOSED NEW CHINESE RAILWAY.

St. Petersburg, April 9.—The Harbin correspondent of the Bourse Gazette says the Mongolian princes have petitioned the Pekin government asking for the speedy construction of a railroad between Kalgan, 127 miles northwest of Pekin, and the Trans-Baikalian settlement of Khabita, which would give the Trans-Siberian railroad direct connection with Pekin on the construction of a short line between Kalgan and the Chinese capital. The petition further asks that a state bank be established in these cities and that provisions be made for the defense of Mongolia in case of an attack by Russia.

### Of the Big Fleet Will Consume a Month

### SAN FRANCISCO FETE

### Report of Admiral Evans Received by Navy Department

### Admiral Will Obey Physician's Orders and Miss Coast Fetes.

Washington, April 9.—A program for the movements of the Atlantic fleet after the review by Secretary Metcalf in San Francisco Bay on May 8, has been made public at the Navy department.

The fleet will leave San Francisco May 18, and on arriving at Puget Sound May 21, four ships will visit Port Angeles, eight will visit Bellingham Bay and three will go to Port Townsend. One ship will proceed at once to Bremerton to be docked.

On Saturday, May 23, all the ships of the fleet with the exception of the one in dock at Bremerton, will rendezvous in the vicinity of Port Townsend, and proceed to an anchorage in the vicinity of Seattle.

On Tuesday, May 26, 12 ships will leave their anchorage near Seattle and will go to Tacoma, so that the people in that vicinity may have a view of the fleet. Thence, without anchorage, eight ships will sail for San Francisco, leaving four ships at anchor near Tacoma for a visit of three days, when these vessels will go to Bremerton for docking.

It is expected that the eight vessels will arrive at San Francisco on Friday, May 29, where they will be docked in succession.

The ships docking at Bremerton will sail for San Francisco as soon as practicable the last one not to arrive until July 2.

Preparations will then be made for the fleet to sail from San Francisco for Honolulu on Tuesday, July 7. This date, however, is only tentative, and may possibly be advanced if the docking is completed sooner than expected.

After the grand review in San Francisco Bay on May 8 the Pacific fleet will leave the next day for the south to carry out a program of drills and exercises.

A supplemental report, dated Magdalena Bay, March 17, a portion of which touches the question of the location of the armor belt for battle ships has been received at the navy department from Admiral Evans, commander in chief of the Atlantic fleet. The department yesterday gave out the following brief excerpt from the report:

"Even with smooth seas and practically no wind the swell at times caused such rolling and pitching as to expose the lower portion of the armor belt at heavy load; hence the lower limit of armor should not be raised."

Paso Robles, Cal., April 9.—Rear Admiral Evans will not rejoin the battle ship fleet at San Diego or participate in any of the functions and celebrations in the ports of Southern California. That was finally determined when shortly after the departure of Lieutenant Frank Taylor Evans for Los Angeles to meet his mother and sister, who will arrive there today. Surgeon P. E. McDonnold informed the Admiral that it would be imprudent for him to rejoin the fleet within a few days.

"But I do want to go so much, doctor," said the Admiral with a look of appeal in his eyes. "It's a great disappointment to me. The people have been so kind, and I wanted to show my appreciation as best I could."

"I know how you feel about it, Admiral, and I appreciate your feelings," replied Dr. McDonnold. "If you insist upon going I cannot be answerable for the results. If you will take my advice you will remain here for you are doing so well. We will board the Connecticut at Monterey, where you can resume command and take the fleet through the Golden Gate."

"Well, I am in your hands, doctor," said "Fighting Bob" with a sigh of resignation. "I will submit to your judgment. Your orders will be carried out."

The rear admiral passed a good

night, but is beginning to realize that he cannot recover his health in a few days or weeks. Although his improvement has been quite marked by his rest and treatment at the springs, he is still far from strong.

Dr. McDonnold said: "The rear admiral is 100 per cent better than when he arrived here. He needs rest and quiet and after three weeks longer at the springs, we hope he will be able to resume command of the fleet."

## FOREMOST NEGROES

### Of America in Convention Express Their Opposition to Taft.

Philadelphia, Pa., April 9.—A concerted movement by colored voters against the candidacy of Secretary Taft for the Republican nomination for president was revealed when negroes of prominence from 25 states assembled in convention at Zion's Baptist church and placed themselves on record as unalterably opposed to Taft. They denounced President Roosevelt as a "Herod who had destroyed the innocent without mercy," and the speakers, without an exception, strongly asserted that the time had come when the negro race must assert its independence, or it would be completely eliminated as a political factor. The convention was called "The National Political Conference of Colored Americans," and brought together lawyers, editors, and clergymen of influence from all parts of the country.

Prof. William M. Trotter of Boston, was elected as president, and Bishop Alexander Walker of New York, vice president of the convention.

## RIVER

### Chosen by Youth in Columbus to End His Life

### JUMPS FROM A BRIDGE

### Seen by Spectators Feebly Struggling in the Water

### Unrequited Love and Fear of Arrest Probably Caused Rash Act.

Columbus, O., April 9.—Abner Bosworth, whose home is believed to be in Hazlewood, Pa., committed suicide last night by leaping from the Broad street bridge into the Scioto river in full view of several persons. Simultaneously with the report of his act, the police received a message from Frankfort, Ind., asking that a man named Abner Bosworth be arrested on a forgery charge, and it is believed the suicide and the man sought are the same.

He was last seen paddling feebly in the water near the State street bridge. The police were summoned and made a van search for the body. Two notes were found on the bridge. One was addressed to Miss Mattie Carney, 57 Alameda street, Glenwood, Pa., greeted as "My Dear Sweetheart," and contained the words, "I'll be in a watery grave when you get this."

The other was addressed to Mrs. L. A. Bosworth, 9 Lytle street, Hazlewood, Pa., evidently his mother. It contains the words, "Tell Mattie she caused it all, for I loved her dearly." Bosworth came to Columbus Monday and engaged board at the home of Mrs. Mattie Mankins, 412 North Park street. He said he represented a Pittsburg brewing company. He seemed to be worried and told her he was in financial straits. When she saw him last at noon yesterday, he borrowed \$25.

In his room Sergeant McManis found a note, dated Pittsburg, March 17, signed "Abner," which read: "Good bye, Mattie; this is the last time you will see me. Try and take time to think of the young life you have ruined and the young man who loved you so much. Well, Mattie, I am sorry that you think of Frank before you think of me. Well, Mattie, if you love him better than you do me, I will get out of the way so I won't bother you. So good bye, your true love."

The young man bought a drink in the Loop cafe, Scioto and Broad streets at 8:30, and wrote the note found on the bridge on paper he borrowed from Ed Corrodi, the bartender.

## DEEDS, NOT WORDS.

Newark People Have Absolute Proof of Deeds at Home.

It's not words, but deeds that prove true merit. The deeds of Doan's Kidney Pills, for Newark kidney sufferers, have made their local reputation. Proof lies in the testimony of Newark people who have been cured to stay cured.

Charles W. Manville, residing at 7 Lansing block, Newark, Ohio, says: "I had a severe attack of grippe which weakened my kidneys and as a result I suffered from pains in my back and a disordered condition of my kidney secretions. There was a constant dull aching in my back and through my joints, accompanied by sharp shooting twinges which annoyed me both day and night. I tried numerous remedies but obtained only temporary relief and was gradually becoming run down in health. Hearing of Doan's Kidney Pills I procured a box at Crayton's drug store, began using them and the result was a complete cure." (From statement given Nov. 10, 1904.)

CONFIRMED PROOF. On Nov. 26, 1907, Mr. Manville said: "I am pleased to reiterate my former testimonial in favor of Doan's Kidney Pills, as the results I obtained from their use have proven permanent. Doan's Kidney Pills acted so promptly in my case that I have the greatest confidence in them."

Starves Himself to Death in an Attempt to Do Without Food for Forty Days.

St. Paul, Minn., April 9.—Knut Ohnstead died at 193 Grove street yesterday, having literally starved himself to death in an attempt to fast for 40 days in order to demonstrate his theory that the mind controls the body, and that the mind is mightier than matter.

Ohnstead's fast lasted 31 days, according to those in the house. The authorities were informed of the faster's critical condition, and an officer called and suggested that he be treated by a physician, but Ohnstead replied that he desired nothing to eat or treatment of any kind.

The officer's report was sent to the City Physician, and yesterday Dr. E. F. Murphy went to the house, but found that Ohnstead had succumbed.

Ohnstead was about 40 years of age, and had done no work since beginning his self-imposed fast.

## NEWARK GYPSIES

The second annual conclave of the Ohio Gypsies will be held at Catawba Island, July 3 to 7, and a large band of the local boys are expected to join in the hike of about 330 miles. The order of the Ohio Gypsies is an informal organization or tribe of any

number of bands made up of members of the boys' department of the Y. M. C. A. of the cities from which they come.

The first conclave in July of last year at Tonawanda, near Coshington, comprised bands from Newark, Akron, Bellevue, Canton, Cleveland, Broadway, Cleveland Central, Cleveland West Side, Dayton, Springfield and Toledo. Besides the drivers and cooks there were 129 real Gypsies on

the ground who had tramped an aggregate of 10,076 miles.

The uniform of the Gypsies consists of a cotton shirt, blue bib overalls, and a straw hat, a blue handkerchief may be worn if desired, but not a red one unless won as an award, as will

be described later. Shoes or socks are at the option of the individual Gypsy.

The band will start from Newark in time to reach the camp between 12 o'clock and sunset of July 3, the band tramping along with the wagon in which the cooking outfit, tents and other camp baggage is carried. Roadside camps are pitched when suitable locations are found for noon time or over night.

Reuben Sims, "the jolly comedian," is very entertaining and has been getting plenty of laughs this week so far.

Dixie and Frances Harris present a delightful musical burlesque entitled "The Tough Girl and the Lady of Society." It is really worth seeing and passes over many acts seen in bigger vaudeville houses at higher prices. The music is good and so is the "business."

Reed's bull dogs close the bill with a remarkable exhibition of careful training and a display of unusually well cultivated dog-sense. It is interesting and instructive to watch the animals do their various turns and tricks with apparently no attention from Mr. Reed.

The moving pictures are good, as usual, and Miss Place's singing of "Stings" is without doubt a feature of the bill.

GREAT SOUTHERN THEATER. Fresh from its New York and Chicago triumphs, "Brown of Harvard" the new college play by Rida Johnson Young, will hold the boards at the Southern theater, Columbus, Monday and Tuesday, April 20 and 21. Mr. Henry Woodruff is the star and is supported by a company of 30 people the majority of whom are college graduates, thereby being ably fitted to inject the proper atmosphere into the play. All the scenes are laid at Harvard and truly reflect the life at the great institution of learning.

While appealing particularly to the college man, "Brown of Harvard" should be none the less interesting to the theater goer who does not boast of an alma mater, for it has a strong love story running undercurrent and a plot that holds the attention of the audience.

Awarded \$4,700 by Jury for Breach of Contract After 15 Minutes' Deliberation.

New York, April 9.—A verdict of \$4,700 was awarded by a jury in the Supreme court yesterday to a actress who was discharged because she refused to appear on the stage in tights. The plaintiff is known on the stage as Henrietta Lee, and the defendants, Hurlig and Seamon, proprietors of a Harlem burlesque theater.

Miss Lee and her husband, Charles P. Morrison, were engaged by Hurlig and Seamon for a season in a musical comedy under a contract which provided that they were to receive \$950. At the end of three months the manager directed Miss Lee to make changes in her costume which would necessitate her appearance on the stage in tights. When she refused to make the changes, directed, she said, she and her husband were discharged. They brought suit for a breach of contract and a jury after 15 minutes' deliberation awarded them damages to the full amount sued for, minus the amount they earned after their discharge.

out for almost half a day with the official title, and he landed several curs that made a play ground of the court house square. He tired of it however, and Chief Zergiebel smoked many stogies before he found a successor.

Then Billy Muldoon took the office created by the board of public service. They rigged him out in an old uniform of the chief's, swore him in and pinned badge 13 on his left breast. For several hours Billy, armed with his authority and a dog collar and chain, chased the festive pups around the streets of Newark and a score of them were placed in the pound, but the excitement and the strenuousness were too much for Billy so he resigned. Now the chief announces that the job and the badge and the official title are again open and that twenty-five cents a head will be paid to the cop that catches the canines.

New York, April 9.—Sightseers in lower Manhattan who have become accustomed to seeing "the biggest" skyscraper going up every little while will now witness the biggest job of moving ever undertaken in New York or any other city. It is the moving of a small city of tenants into the new Hudson terminal buildings of the McAdoo Hudson River tunnel system and is to be done on so large a scale that special arrangements have been made with the police department to take charge of the street traffic in that locality while the work is going on. Between 9,000 and 10,000 men will be engaged and 1,000 horses will be used to haul the 2,000 vans for moving. ## ASSASSINATION

RESORTED TO IN LISBON INSTEAD OF RIOTING BY FOES OF GOVERNMENT.

Four Political Leaders are Victims—One Found With Knife Sticking in Back.

Paris, April 7.—Rioting has ceased in Lisbon and the government's foes have resorted in its stead to a campaign of assassination. Several men were shot or stabbed yesterday and last night. Three are dead and a fourth is seriously wounded. The crimes were all political. Three of the victims were municipal guardsmen and one was an officer who took a prominent part in the suppression of the riots earlier in the week. The fourth victim was a high official in the police department, who was found in an obscure street early today, with the assassin's knife still sticking in his back.

## BOOK AGENT

MAY HAVE VICTIMIZED MANY NEWARK PEOPLE—UNDER ARREST.

## OTHER POLICE NEWS

Cases Disposed of in Police Court are Varied—No Dog Catcher in City at Present.

Emery H. Purinton, claiming to be the manager of the Emery H. Purinton Book company of Philadelphia, Pa., was arrested yesterday afternoon at 5:50 o'clock by Officer Abbott, and slated investigation. This morning he was formally charged with obtaining money under false pretenses.

Purinton, for the past ten days, has been in Newark securing agents for their different books, and according to the stories told to a reporter of the Advocate, each person was given to understand that they were to be district manager and to have exclusive charge of all books sold in Newark.

The story came to light yesterday afternoon when Mrs. C. F. Pratt, 214 Cedar street made a call upon Mrs. Smith, 202 Cedar street, and informed her hostess that she had secured a position as district manager of a book company. Then the trouble for Mr. Purinton started, for Mrs. Smith told her caller that her son Harvey had also been made agent and manager for a company.

Names were exchanged and it was found that both people had been appointed by the same man for the same company. They immediately called on the police for both Mrs. Pratt and Mr. Smith had deposited \$10 with Mr. Purinton as security.

Later Miss Ethel Fryman, 17 Buena Vista street reported to the police that she had also deposited \$10 and had been made district manager. Each person secured by Purinton was given a book that he or she was to canvass for, also a catalogue of the books sold by his house, each was supposed to be different from the others, and the samples were, the catalogues however, were similar in the lists of books published.

Miss Fryman was given a small volume, "Everybody's Encyclopedia" to sell. Mrs. Pratt was furnished with a book called "Woman," while Mr. Smith was given "The Devil Today" to make his sales with. To a reporter Mrs. Pratt said that Purinton told her his house was an old established concern and was rated in Dunn's. The reporter looked through Dunn's Reference for 1906 but failed to find the name of the company Mr. Purinton claims to represent.

Through his attorneys, Russell & Horner, Purinton pleaded not guilty to the charge made in the warrant sworn to by Mr. Smith, and his bond was fixed at \$100. When seen by Chief Zergiebel this morning Purinton agreed to return the money secured from the Newark people if the police would release him, but this the chief would not allow. The chief of police of Philadelphia has been wired and will furnish information of the concern located at 134-136 Manheim street, according to cards and letters Miss Fryman has in her possession.

In the contract signed by the agents the firm name is not printed but is written in at the bottom by Purinton when he signs the contract. The case will be heard Friday morning at 9 o'clock.

Chief Zergiebel thinks that in the ten days the man has been in town he may have secured many agents, and would like to hear from all persons who have paid in \$10 as security for their jobs.

Ed Wycuff, charged with being drunk and interfering with an officer, was given his hearing at the afternoon session of police court Wednesday, and was fined \$5 and costs. He is accused of interfering with Officer Brooke when the officer arrested Mary Webb, Tuesday.

Three drunks were given the usual ten day jail sentence. Officers Hurlbaugh and Carroll were the arresting officers. One drunk was pulled from near a railroad track where he was taking a snooze.

The case against Austin Sissie, charged with selling liquor to minors, was dismissed. The mayor, thinking the case was simply one of spite, requested Mr. Derman to deposit the costs of the case. This was not done and the case was dismissed.

## FUNERAL OF YOUNG AMOS

FATHER NOW DOWN WITH THE MEASLES, AND HAS HIGH FEVER.

Family Receiving Attention From the Neighbors and Physicians Caring for Sick Children.

The funeral of the 16 year old son of Mr. and Mrs. George Amos, of Broad street, took place Thursday morning at 10 o'clock at the home.

The service was conducted by the family pastor in the presence of a small private gathering. The body was placed in Cedar Hill cemetery.

The physician of the family is fighting nobly to save the six other children of the household who are confined to beds with the measles. The children were reported somewhat improved Thursday, but Mr. Amos the father, is now suffering from an attack of the disease, and Thursday morning had a high fever, registering 104 degrees. His condition is considered serious.

The family is receiving aid from private sources, several individuals contributing various sums of money and provisions.

### ANNOUNCEMENTS OF CANDIDATES

On Wednesday, April 22, the Advocate will begin the announcement of names of candidates for the Democratic nominations for the several county offices to be elected this fall. The charge for the announcement in both the Daily and Weekly publications will be the usual price of \$2.00, payable in advance.

#### GOV. JOHN A. JOHNSON

The following article is from the National Tribune, the official organ of the G. A. R.:

"The possibility that Gov. John A. Johnson of Minnesota may receive the Democratic nomination for President is an unusually pleasing one to the people. It looks like a return of the Democracy to safe and sane ways and an ideal campaign for the Presidency in which both candidates are of a character to inspire the confidence of the best men in the country. Gov. Johnson is regarded as one of the exemplary products of our American institutions. His father and mother were poor Norwegians and kept poor by the father's habits, but Johnson 'broke his birth's invidious bars' and by sheer worth and exceptional ability rose until he has been twice elected governor of Minnesota on the Democratic ticket against the heavy normal Republican majority in that state. As governor he has been singularly effective in bringing about much needed remedial legislation. He has not wasted any time in rhetorical clamors against the trusts and other evils, but has proposed practical reforms which even his Republican opponents in the legislature had to accept. This is the strongest indication of his unusual ability. He is eminently a practical statesman, and when he speaks his words are such as to produce an impression upon thinking men. His most recent declaration was against Government ownership except for such obvious purposes as gas and water. As to the initiative and referendum, he doubted whether it was of any value in a large way, but might be useful in local matters. He regards corporations and trusts as things inevitable and necessary, and instead of wasting time in vociferous denunciation thinks we should accept the inevitable and seek, while securing all the benefits, to eliminate as far as possible the attendant evils. This is of the common sense that strikes American people powerfully. Governor Johnson has a winning personality, and if he went about the country more and met people, he would increase his chances immeasurably, since no man who ever comes in contact with him fails to receive a distinct impression of his integrity, ability and high public spirit."

#### Battle Creek Specialist Offers Good Suggestion to Dyspeptics

It is seldom that a great specialist will give away the secrets of his profession, but occasionally we find one who is more liberal. A noted specialist on stomach disorders, dyspepsia, and appendicitis, says: "I always prescribe the following with the greatest success, for indigestion, acute or chronic; dyspepsia, sour stomach, distress after eating, such as heart palpitation, shortness of breath, constipation, depression, headache, and biliousness. These simple but powerfully blended ingredients can usually be obtained at any leading drugstore, or the druggist can obtain them from wholesale firms who supply the profession generally with rare extracts and essences. Mix in bottle two ounces syrup of Ginger, one ounce Comp. essence of Cardui and two ounces essence of Pepsin. Shake well and take one or two teaspoonsful after each meal, or before, to excite the appetite, if necessary. For constipation, a dose at night will do much good. Let children who have stomach-ache take this freely. Adults can find nothing else will do so much permanent good and at the same time give prompt relief from distress."

#### G. W. LIPPINCOTT

Former Newark Young Man Made a Member of Big Firm at Huntington, W. Va.

Huntington, W. Va., April 9.—The wholesale grocery firm of Sehon, Stevenson & Co., has lately taken out incorporation papers, the capitalization being quoted at \$200,000. The incorporators are E. Sehon, J. B. Stevenson, John W. Eshagen, Homer Bell, J. H. Sabel, John T. Grobe and George Lippincott. Mr. Lippincott formerly lived in Newark, O. The three gentlemen last named have been valued employees of the company, and the fact that they have been taken into the company as partners is indicative of the high degree of appreciation placed upon their services by the older members of the company.

#### J. A. BLACK IN B. & O. WRECK SLIGHTLY HURT

Mr. Black Helped Rescue Conductor From Wreckage but Man Died in Few Hours.

Mr. J. A. Black, 231 Woods avenue, Newark, writes the Advocate April 8, from Parkersburg, W. Va., as follows:

I was a passenger on the B. & O. S. W. train that was wrecked by a head end collision opposite Blennerhassett Island last night. Our train was made up of a light engine, combination baggage car and smoker and one coach. We were hit by a heavy freight engine, running 25 miles an hour. They were hurrying to make a siding ahead of us. The enginesmen jumped and escaped injury, but all the other trainmen were badly hurt. The conductor died at 3 a. m. He was caught in the wreckage when I went to him to offer aid. Outside of bruises I am not hurt. We were 7 miles from Parkersburg and it was two hours and 40 minutes before a relief train arrived.

#### E. S. REDMAN

Improving Rapidly and Will Soon be Able to Get Out—Thankful to Generous Public.

Reports of the condition of E. S. Redman, who was badly burned in a fire which completely destroyed his barn, near Jacksontown, a short time ago, state that the injured man is improving rapidly. The left foot is almost healed over, but he is suffering some from the burned parts of his right foot. Dr. Ashton, of Jacksontown, who is attending him, states, however, that possibly two more dressings will suffice.

The fund for Mr. Redman's relief has now reached an amount of over \$650, for which the unfortunate man seems most heartily thankful. The Advocate office will continue to receive donations for this cause and the entire fund will soon be turned over to Mr. Redman.

#### The Jumping Off Place.

"Consumption had me in its grasp; and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimsland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia Dr. King's New Discovery is supreme. 50c and \$1.00 at F. D. Hall's drug store. Trial bottle free.

## THOUSANDS OF GOOD HARD DOLLARS GONE

LOST TO THE STATE AS INTEREST BY AUDITOR GUILBERT'S METHODS.

How Governor's Whitewash Committee Bill Was Log-Rolled Through the House.

BY ORWELL C. RIDDLE.

Columbus, O., April 9.—(Special.)—Further probing of the state auditor's office this week by the senate's investigating committee shows two things—that there is no need of any other committee for that purpose and that the frenzied desire of the Republican state officials and members of the legislature to substitute a friendly committee, to be named by the governor, is actuated by the still more frantic desire to get the probe into the hands of investigators who will not ask such leading and embarrassing questions.

The most astounding revelation made by the senate's committee this week is the large sums received by the state auditor from the payment of excise taxes which have been held by him an indefinite length of time, instead of being promptly turned into the state treasury. According to State Auditor Guilbert's own testimony before the senate committee this method of his has caused the state the loss of thousands of dollars which should have been earned as interest had the funds thus held back by him been turned into the treasury and put out in the state depositories.

REPRESENTATIVE STEWARD, Farmer Member of the House From Fairfield County and Proud of It.

Mr. Guilbert justified his course in withholding vast sums of money on the ground that many corporations requested that he hold their checks for 60 or 90 days, requests that were invariably granted, the same as the county treasurers of the various counties of the state extend the same courtesy to individual taxpayers, and insisted that there was nothing wrong about it.

Instead of holding in his office these checks on which he says a stay of liquidation was requested he turned them into the banks in which the receipts of his office are deposited, and the records of his office show that at one time these deposits aggregated \$1,400,000, at one or two other times about \$1,000,000, and averaged during the months of December, January and February each year about \$500,000. One of the banks in which Mr. Guilbert kept such large balances is the bank of which he is president.

Now it isn't at all likely that a "bipartisan" commission named by the governor under the bill Mr. Guilbert helped to prepare and which the governor tried to jam through the legislature with a message demanding that the bill be passed under suspension of the rules, would ask Mr. Guilbert any such questions about the methods of his office as were asked by the senate's committee. And as Mr. Guilbert insists that this is a proper way to perform his official duties his "bipartisan" would be expected to follow his example—if elected. Mr. Guilbert told the senate's committee that he has none of the state's money on deposit now. His attention was called to the several instances where he appeared to be violating the provisions of the state depository law, but he always made the answer that the checks were withheld to accommodate the corporations making the requests that they be held for a time, and justified his action on the ground of courtesy.

A little further questioning also revealed that the money for current expenses of the industrial school at Delaware for girls is withdrawn from the state treasury and deposited in the bank of which Mr. Guilbert is president. It so happens that the financial officer of that state institution is secretary of Mr. Guilbert's bank.

Party pressure was put on to force the governor's investigating committee bill through the house for which it is claimed the vote of the Democrats, who voted for it was won by a deal with the Republican side for enough votes to pass the Schmidt franchise bill. Notwithstanding the governor's bill passed the house by a vote of 93 to 3, it is not likely to

get through the senate unless some new sort of trickery is resorted to. As the same bill was introduced in the senate by Senator West, the senate must deal with it again on account of the action by the house. The senate squelched West's bill by sending it to the finance committee, and by a party vote on West's motion refused to take the bill from the committee. Now the administration forces will try again to force this whitewashing scheme through the senate, although it is said the Democratic senators are not bound by the deal which log-rolled it through the house. The three members of the house who voted against the governor's whitewash bill were Eley (D.) of Ashland, Meyer (D.) of Hamilton and Hillenkamp (Ind.) of Lucas.

The senate did a good piece of work when it defeated the inheritance tax bill by Harper of Hamilton. One of the first acts of this legislature when it met two years ago was to repeal the tax on tears and shrouds, to be collected from real widows and orphans, in response to the recommendation of Governor Pattison in his message. It was also an issue in the Pattison-Herrick campaign, although not in either party platform, for the inheritance tax was one of the pet measures of Governor Herrick. The vote on the bill was 13 yeas to 17 nays. One argument offered by Senator Harper in behalf of the bill was that "Many of our girls who are heiresses go to Europe and marry dukes and counts, who get their money. Why not get some of that money to keep here. This inheritance tax will do that." So far as known, however, the bill would apply to only one Ohio girl, and appearances indicate that she will inherit little property that could be reached by an Ohio law because of her father's investments in British estates.

The Republican scare that the Longworth law might not be repealed and that the Democrats might put an endorsement of the initiative and referendum on the ballot is quieted at last, the house having concurred in the senate amendments to the Spicer bill, which repeals that "infamous act," as Republican members have been calling it, regardless of the fact that it was once the founding of the high and mighty son-in-law of the president.

Even with this bugaboo out of the way the conference committee on the initiative and referendum resolution is deadlock and may report a disagreement, which would mean a new conference committee. Speaker Eagleson's explanation as to his choice of conferees on the part of the house doesn't explain. He selected three members who not only opposed the resolution in the form that it passed the senate, but who also opposed the resolution entirely and voted against it on final roll call. Had Speaker Eagleson desired to name members of the house who opposed the majority provision of the resolution, which was amended by the house, he could have found any number of members for that committee who could have represented the houses' action in the effort to harmonize the differences; instead, however, he selected three men who opposed the initiative and referendum altogether, who not only voted against it but made speeches against it during the debate in the house.

Senator Berry's bill to have the terms of all county officials begin the first Monday of January following election was defeated by the senate on account of the provision that the first election under the law in 1910 would result in an extension of terms. Only Senators Berry, Hypes, Rose, Sites and Williams voted for the bill, 23 senators voting against it. In this connection, an opinion just announced by Attorney General Ellis will be of general interest. In response to an interrogatory from the prosecuting attorney of Monroe county the attorney general holds that sheriffs and treasurers serving their first terms who secured a one-year extension under the biennial election amendment, will not be eligible for re-election this fall. It is probable that a test case will be made to decided in the courts.

One of the Democrats in the house who prides himself on the fact that he is a "farmer member" is J. M. Steward of Fairfield county. Mr. Steward has introduced but two bills this session, one relating to sheep claims and the other for the printing of the usual biographical data of the legislature and present officials, but he takes part in all the debates with a readiness of wit and a fund of information which always win for him respectful hearing.

Mr. Steward is being mentioned as one of the candidates for the Democratic nomination for state treasurer, an honor that Senator Berry is also said to be seeking. These two, with Senator Williams for governor and Representative Wertz for lieutenant governor, constitute the available among Democratic members of the legislature most mentioned so far for place on the Democratic ticket. But the field of opportunity is open to all and there may be others by the time the merry month of May arrives.

Assistant Senate Clerk Clark C. Doughty is in a highly felicitous mood over the reception of a private letter from a well known Democrat of Ohio tendering \$300 to go towards the expenses of a band of 30 pieces to accompany the special Ohio Denver train Mr. Doughty has been working out the scheme to have Ohio Democrats go to Denver in a bunch.

## ARE VERY FAR APART

HEADS OF LABOR ORGANIZATIONS AND RAILWAYS CAN NOT AGREE.

Have Been in Session for Two Days—Representatives of Workers Charge Bag Faith.

Chicago, April 9.—After two days of conference between the heads of labor organizations having membership of 300,000 and a committee of managers representing roads west of the Mississippi river in an effort to adjust running schedules to observance of the new sixteen hour law, they are as far apart as ever. Every plan proposed by the labor leaders has been vetoed by Manager I. G. Rawd, chairman of the managers' committee, which acts for all western roads, who declares it will be next to impossible to enforce the law. Representatives of workers, however, say managers are trying to make the law seem impossible of enforcement in order to have a basis in which they can go before congress and demand its repeal.

### CENTURY

Old Was Affidavit Against Foreigners.—Attorney's Funny Mistake Causing Discharge of Prisoner.

The friends of Attorney Horner, of the firm of Horner & Russell, are having a good deal of fun at his expense today, over a little incident that happened in police court Wednesday afternoon. Mr. Horner was prosecuting the case against Tom and Eva Posa, foreigners, charged with the illegal selling of liquor, while Mr. Charles Flory was defending them.

When the affidavit was read it was dated 1908 instead of 1903, and the case against them was dropped for the time being. The prisoners when informed that they were not under arrest any longer left the court room, but were later arrested when a new affidavit that was dated a century ago, prepared. The couple were arrested when two former boarders, that were arrested some time ago, for neglecting to pay their board bill, swore to the affidavit that was dated a century ago. The case is being heard this afternoon.

#### WHEN THE FROST IS ON THE PUMPKIN.

The following lines are reproduced by request:

When the frost is on the pumpkin and the fodder's in the shock; when you bolt your food, at mealtime, with your eyes upon the clock; you hardly recognize your wife an old towel on her head, who with a carpet beater drives the children to the shed. The house from top to bottom is no place to call a home, and you wish that for a week or so far distant you could roam. But when the spell is broken and housecleaning time is o'er, you find the old home looking bright and cheery as before. The furniture while familiar looks somehow bright and new, even your own old arm chair shivers and glistens too. And you marvel and you wonder till you hear your wife explain of the many hundred uses for our famous Spartan Stain. Made by The Marietta Paint & Color Co., Marietta, O. ### Declared Insane.

An inquest of lunacy was held on Frank T. Laird, better known as "Jeff" Laird, in the Probate court on Thursday. The affidavit was filed by Dr. J. W. Hornby. "Jeff" is a well known character about town and has had a great deal of trouble with the police, and with inquests of lunacy. This is the third inquest of lunacy that Judge Bristor has held on him in the past two years. On both the former occasions the medical witnesses decided that Laird was not actually insane, though bordering on that condition. The trouble is largely due to alcoholism. He has a wife in Newark, and a father, and is aged about 45 years. The medical witnesses on this occasion were Dr. J. W. Hornby and Dr. J. T. Harbottle. Both, after careful examination, declared Laird to be insane, and the court ordered him to be committed to the State Hospital. He was taken over to Columbus by Deputy Sheriff Hindel.

## LITERARY SOCIETY

HELD INTERESTING MEETING AT DENISON AND OUTLINED THE YEAR'S WORK.

Dr. Hunt Will Fill London Pulpit During Summer Vacation—Girls Preparing for Play.

Granville, O., April 9.—The Calliopean Literary Society held its first meeting of the new term and was called to order by President Storm, who, in a most agreeable manner, outlined the work for the last term of the year. The following program was rendered in a very creditable manner: Current Events, A. C. Sarley; Scientific Paper, R. C. Dunn; Essay, K. L. Jewett; Debate, "Resolved That the Ohio Legislature should pass a law providing for separate schools and street cars for negroes"; affirmative L. V. Minear; negative, M. A. Kessler, Et Cetera, C. E. Brown. On account of the academy debate with Wooster on Friday evening of this week, it was decided to begin the meeting on that evening at 6:45 o'clock.

During the summer of 1901 Dr. Hunt preached at the Abbey Road Baptist church in London. The call has again come to him to fill that pulpit during the vacation, and he will do so through the coming month of August, sailing during the latter part of July. He will be accompanied on the trip not only by Mrs. Hunt, but also by his brother, J. M. Hunt, Esq., and wife of New York City.

Dr. E. W. Hunt, president of Denison university, will preach at Denison university two Sundays, May 17 and 24, and during the week intervening, he will attend the Northern Baptist convention to be held in Oklahoma City.

President Hunt will preach the baccalaureate sermon at McMaster university in Toronto on Tuesday, May 12th.

The annual oratorical contest for the young men of the Senior class of Denison will be held this evening at 8 o'clock in Recital Hall. Hon. Edward Kibler of Newark, will be one of the judges.

On Wednesday evening in Recital Hall, a reading, "Beneath Arden," accompanied on the piano by Miss Elizabeth Benedict, was given by Miss Ada Eckert, who, several years ago, was elocution and gymnasium instructor of Denison. There was a large audience in attendance and the closest attention of all was held and the deepest feeling of the audience aroused. This entertainment was a great favor and opportunity and was greatly appreciated by those present. Mr. and Mrs. M. M. Porter of Mansfield, who have been visiting friends here during the past week, returned home Tuesday.

Miss Eckert is now in Granville, coaching the Senior girls for their play, "The Merchant of Venice," which will be given commencement week.

## WET GROUNDS GIVES TEAM WELCOME REST

The rain put the bug on any prac-  
tice for the ball team Wednesday af-  
ternoon, and the boys spent the day  
resting up, nursing sore muscles and  
doing whatever they wanted to do to  
kill time. The diamond was a lake  
of water and knowing it would not  
dry off sufficiently for a game in the  
afternoon, the Columbus boys were  
notified, and they returned home on  
the 10:45 car.

While most of the boys spent the  
day at the club house telling yarns  
and smoking, a few of them rested up  
at the hotel, and a few more came in  
to the city for a few hours. The idleness  
has developed them into pool and  
card sharks, and many a long  
hour is spent with the cue or the  
pasteboards. The fanning bees of the  
players are stronger than even the  
most enthusiastic fans can pull off,  
and some wonderful stories are re-  
lated of the men who have won fame  
and fortune on the diamond.

The warmer weather of today and  
the bright sunshine dried the field in  
nice shape and the recruits are hav-  
ing a hard practice this afternoon.  
Most of the men have gotten over the  
soreness brought on by the first few  
days' work and are now rapidly get-  
ting into the best possible condition  
for the opening games.

The men are looking forward eagerly  
to the games with Toledo next  
Saturday and Sunday and feel confi-  
dent that the Mud Hens will get a  
run for their money before they stick  
either of the games away in their  
game bags, providing they do win  
"Big Ed" Asher will work against his  
old team mates who are anxious to  
try their batting eye against his arm  
and control.

Newark's old rivals, Zanesville, will  
stack up against the Molders for four  
games next week, the first to be  
played on Wednesday. Marty Hogan  
has a good bunch of ball tossers in  
his camp and the quartet of contests  
will undoubtedly prove a big drawing  
card.

The regular season will open just  
two weeks from today, and by the  
time the Lanks climb off the car steps  
here, the Molders will be in fine shape  
to meet them. Manager Fox has se-  
lected some promising material and  
the opening games will undoubtedly  
pull hundreds to the ball lot.

### BUNNY MAKES GOOD

Bunny Pearce caught his first regu-  
lar game at Dayton Tuesday, when  
the Reds played the Dayton "Old  
Soldiers." The Enquirer has the fol-  
lowing to say of Pearce:

Bunny Pearce made his first ap-  
pearance in a regular game and look-  
ed the part of a regular. He had no  
throwing to do, for the Old Soldiers  
hugged the bases closely. His back-  
stopping was sure and graceful, and  
his long two bagger off Yingling  
broke up the game in the eighth. He  
will do, all right.

### MOORE SIGNS.

Youngstown, O., April 9.—Pitcher  
J. R. Moore, who is a Champ recruit  
from Newark, O., reported to Man-  
ager Wright Monday afternoon. He  
will go to the training camp in ad-  
vance of the regular squad to do a  
little preliminary work. He is a big  
fellow and comes highly recommend-  
ed.

## MAY SELL LEFTY WEBB TO DECATUR

Decatur, Ill., of the Three-I league  
wants to buy "Lefty" Webb from  
Newark. Webb is now a member of  
the senior class at O. W. U., Delaware.

LEFTY (CLEMON) WEBB,  
May be Sold to Decatur.

and is under contract to report here  
the last of June. But if the money is  
good enough Clemon will not don a  
Newark uniform this season, for Man-  
ager Berryhill thinks he has twirlers  
that will be able to hold up Newark  
during the season, and then a little  
purchase money for Webb would be  
pretty soft just now. Decatur liked  
his work last season and is very  
anxious to have him with them again.  
Nothing definite has been done and  
the price of his release has not been  
agreed upon.

### OUT OF CLASS

"Zanesville does not belong in the  
Central League," said an official of  
the Zanesville club to President Quinn  
the other day. "It was a sad mistake  
in accepting a franchise in the league  
for we lost \$6,500 last year and expect  
to drop that much more this season.  
The pay role of the team is now over  
\$2,500 a month."

### MEETING CALLED OFF

President Quinn has called off the  
meeting of the Ohio State magnates  
to have been held in Columbus on  
Thursday. He will not be able to at-  
tend. The chief executive said:  
"What is the use of meeting. Every-  
thing is in fine shape in the league."

### SHORT NEWS FROM OVER THE CIRCUIT

Springfield fell an easy victim to  
the other division of the Columbus  
Champs, Tuesday afternoon. They  
were taken into camp by the score of  
7 to 2. LaRue and Bohannon were  
the headliners for the nameless team  
of the league. Mercer, Bailey and  
Boisford did the twirling for them and  
allowed ten hits.

The Lancaster directors held a  
meeting Monday night and decided to  
give a monster parade on opening day.  
The stores will all close during the  
game.

Lima's manager, Bill Clarke, re-  
ceived his first accident yesterday  
that ever happened to him during his  
baseball career, harring a few minor  
accidents to his hands. A hard hit  
ball to first base took a false bound  
and struck him in the face fracturing  
his nose.

Marion is tickled because Gus Fox,  
the hold-out pitcher has decided to  
sign. President Wollenweber received  
a letter from him Monday saying that  
the terms were satisfactory and that  
he would report at once. Hughie Tate  
has reported to this team.

Springfield has a mighty pretty park  
according to Secretary Bob Ried of  
the league who witnessed the game  
there Tuesday. It is large and well  
kept with big seating capacity.

The Boston Americans with Pat  
Frank Donahue Springfield boys, will  
play in that city next Friday. It  
should be a big drawing card.

Stanford Park, Marion's tall twirler,  
has it all depended on that Marion will  
either land the pennant or cap a first  
position hold this season. He says if  
the Diggers show up as well on the  
field during a game as they do in prac-  
tice they will have a winner.

Twenty-four players had their first  
workout in League park, Mansfield,

Monday, and McVey has already fig-  
ured out his squad. He has collected  
a good bunch and will make a hard  
race this season.

Springfield is well pleased with the  
showing they made against Manager  
Clymer's bunch Tuesday afternoon.  
Manager Ransick has gathered a fast  
bunch together and is in the fight for  
the flag with both feet.

The cans are rattling in Marion and  
four recruits have been given the bug.  
They are P. G. Laughren, catcher,  
Warren; Arthur Evans, shortstop, To-  
ledo; C. W. Eilon, pitcher, New Al-  
bany; and Wm. Dardio, shortstop,  
Wapakoneta. O'Day says they are good  
men but not fast enough to compete  
with the other recruits.

Billy King, secured from Mansfield  
by Manager O'Day, who traded Quinn  
and Flood for him, arrived safely in  
Marion and is now hard at work with  
the squad. Pitcher Downey, from the  
Indiana-Ohio league has reported as  
has Andy Blitz from the same circuit.

**GIANTS THROUGH NEWARK.**  
The New York Giants will pass  
through Newark tonight on B. & O.  
passenger 106 en route from Colum-  
bus to Wheeling. As the train goes  
through Newark about midnight it is  
not likely that any of the famous  
squad will stop off to see the stamp-  
ing ground of the Molders.

## NEWARK MAN

WITNESSES BAND OF KENTUCKY  
NIGHT RIDERS GOING  
THROUGH TOWN.

Were Armed With Shotguns and Re-  
volvers and Are Determined and  
Desperate Set of Men.

Charles Hamrick, a well known local advertising man, who travels for the Stanford-Crowell company, of Ithaca, N. Y., has just arrived home from an extended trip throughout Kentucky and Tennessee and recites some interesting observations of the doings of the night riders.

Mr. Hamrick states that business in many of these Southern towns is greatly hampered by the continued raids and destruction of life and property carried on by these riders. He reports that there are over half of the outrages that never reach the public because of threats of these bands of marauders, whose threats are seldom in vain.

The Newark man was recently in Carlisle, Ky., when a band of possibly 150 of these men went through the town on a raid. He described the posse as a most desperate and determined set of men, evidently so thoroughly set on carrying out the designs that no force could stop them. The party consisted mostly of well to do men of the surrounding country, some mounted on horses and others in buggies, but all completely armed with shotguns and revolvers.

The report of the raid stated that two or three tobacco growers who refused to hold their crops, were murdered outright and their property completely destroyed.

Mr. Hamrick states that the work of the night riders is so shrewdly and carefully planned and worked out so quietly that it seems almost impossible for the government to get them under control. Many of these men, he says, make no pretense at denying their association with the raiders and openly declare their intention of getting rid of those tobacco growers who refuse to join in the effort to hold the tobacco crops, often openly threatening to kill a man if he doesn't concede to their wishes.

## PRINCE DE SAGAN

GIVES FINAL INTERVIEW TO THE  
AMERICAN NEWSPAPER  
REPORTERS.

Expects to Sail for Home a Week  
From Saturday and Glad  
to Leave.

New York, April 9.—The Prince de Sagan, who has got his own consent to marry Madame Anna Gould, and is still waiting apparently for hers, was inclined to peevish when a reporter saw him in his apartments at the Waldorf-Astoria.

"This is the last statement I will ever make to an American newspaper man," said the Prince. "I will never talk to one of you again I have only this to say: There has been absolutely no change in any friendship or other relation that may exist between Madame Gould and myself. Reports

that are put out by persons in touch with members of the Gould family are without her authority, and have no bearing at all on the purposes of my visit to America.

"On Saturday of next week," continued the Prince, "I will leave New York—leave it, I hope, forever. I have been followed and harassed and tortured by reporters ever since I crossed the ferry. In Paris when one figures in a matter of public interest one is seen by the reporters only once. But here, you gentleman of the press never relax your vigilance. Because of your unwelcome attentions I have been housed up here like a prisoner. I have had no chance to see the sights of the city. I have not even been to the opera.

"That is all I have nothing more to say. I am leaving New York soon, and that prospect makes me almost happy."

## WEATHER CHANGES

With Result That Many Cases of  
Grip Prevail—Thermometer  
Registered 38 Degrees.

Many cases of grip are being reported since the decided change in the weather during the past two days, and some of these approach dangerously near to pneumonia. The drop from 70 degrees Tuesday evening, following the rain, was very noticeable, and continued with the downpour of Wednesday night. Thursday morning at 7 o'clock, thermometers registered 38 degrees and some even lower than this. It is feared many cases of illness will suffer changes for the worse as a result of the rapid variation of the weather conditions.

## LIBRARY BOARD

MEETS AND ORGANIZES AT THE BOARD OF TRADE ROOMS ON WEDNESDAY NIGHT.

Public Meeting of Citizens Will Soon be Called—Who Will be the First to Donate?

The trustees of the new city library were sworn into office Wednesday night at the Board of Trade rooms by Mayor Atherton, after which they proceeded at once to organize.

Mr. John S. Fulton acted as temporary chairman.

The election resulted in the choosing of Charles W. Montgomery for president; Mrs. C. C. Metz, vice president; J. M. Maylone, secretary and treasurer. The executive committee is composed of Miss Emma Spencer, John Fulton and Ray Martin.

President Montgomery then appointed the following committees:

Finance: John Fulton, Mrs. Metz, and J. M. Maylone.

Rooms: R. Martin, Miss Spencer and Mr. Maylone.

After the election of officers and appointment of committees the trustees held a general discussion of plans for future work.

It is the intention of the board to call a public meeting of all citizens interested in the library project at an early date. At this time suggestions will be received and additional plans mapped out. It is proposed that the board get State Librarian Gilbreath to come from Columbus and give a talk on his experiences in the library field and offer suggestions for the growth of such an institution in Newark.

It is doubtless generally understood that the city council may appropriate for the library, when established, but before it can be said to be really established there must be a supply of books and money. The latter is the first consideration, and the board of trustees is now in shape to receive any funds that will be donated, and is, in fact, anxiously awaiting the first donation.

It has also been suggested that some of the fraternal organizations in the city would possibly be willing to donate sums to the fund. In this connection, one of the trustees stated Thursday, that one such society had offered to give \$100 and that if others would add like amounts the fund would soon be in shape that a location could be secured and a librarian placed in charge. Then, an appropriation could be asked for from the city council.

The next meeting of the board will be called by President Montgomery.

## WILL BE VERY DRY

AFTER MAY 7, WHEN SALOONS MUST CLOSE UP SHOP FOR GOOD.

Estimated That 3,000,000 Inhabitants Live in Districts Which Will Soon be Boozelless.

Chicago, Ill., April 9.—About 3,000,000 of the inhabitants of this state now live in localities where saloons either no longer exist or must quit business after May 7 next.

As a result of the local option elections in Illinois 36 counties out of the 102 in the state are now entirely anti-saloon territory, while 19 others are anti-saloon with the exception of one township in each.

Twenty-seven of the total "dry" counties voted on the question and nine decided to abolish the saloon last November.

According to the latest returns \$86 townships cast their votes against saloons. The total number of "dry" townships in the state, including those which held elections last November, is now 1,022, and the total number of "wet" townships 523.

The most reliable estimates place the number of saloons voted out of business Tuesday at 1,100 and the net anti-saloon majority in the entire territory voting at 28,000. In all 54 counties held elections and in that territory it is estimated that there are now in the neighborhood of 3,000 saloons. The result of the election will compel more than one-third of this number of saloons to go out of business within 30 days.

The city of Chicago did not vote on local option. The Anti-Saloon League being unable to obtain the number of petitioners required to have the question placed upon the ballot.

Out of the 560,000 square miles in the state the liquor men have saved out of the cyclone less than 3,000 square miles, where saloons will be licensed after May 7. The total population in the dry territory is about 2,600,000.

## MURDERED FIANCEE

AFTER SHE HAD REFUSED TO JUMP INTO HIS ARMS AND KISS HIM.

Was Intoxicated and Had Burst Into the Girl's Room at Midnight During a Spree.

Kokomo, Ind., April 9.—Bursting into the boudoir of Fairy McClain, his beautiful fiancée, shortly after midnight, Jesse W. Osborn, a member of one of the most prominent families of this city, his father a former county commissioner, demanded that she rise and leap into his arms that he might kiss her.

Seeing that Osborn was intoxicated, the young woman realized that it was useless to argue, so she jumped from her bed and attempted to escape through a window. Osborn instantly drew a revolver and fired twice at the fleeing girl, both shots entering her body. She died instantly.

Osborn then leaped through a window and escaped, although three citizens, who were passing the house, gave chase. Soon a posse of citizens and policemen was pursuing Osborn, but he eluded capture. A reward has been offered for his apprehension. Some of the fugitive's friends say they believe that he has committed suicide, but this theory is scouted by the authorities.

Osborn has led a somewhat spectacular life here, owing to his lavish expenditure of money "just to live things up," as he termed it.

The murdered woman was only 20 years of age, but had been divorced twice.

## UNCONSCIOUS

For Twelve Long Years He Claims—Wants Officers to Assist in Locating Parents.

Mt. Vernon, Ind., April 9.—Henry Fisher, a young man aged about 26, approached City Marshal Tolliver on Wednesday evening and asked the officer to assist him to locate his parents, who, he claims, lived in Los Angeles, Cal. Fisher says he has no remembrance of what had occurred to him or where he has been during the past 12 years, and that during all that time he had been traveling about in an unconscious state and oblivious to his surroundings. He arrived in this city yesterday. He was picked up a few miles east of the city by a farmer, who says that Fisher gesticulated with joy at being restored to consciousness.

Fisher says the last circumstance he remembers was 12 years ago, when he started to school at Los Angeles one morning and kissed his mother good bye. He asked the officers to help him locate his people and wants to return home.

Bring the little man to us and you'll be surprised to see how handsomely we can dress them at a moderate cost. w149-2t THE GREAT WESTERN.

## PRISON SENTENCE

PHILADELPHIA POLICEMEN WHO ROBBED STORES MUST STAND TRIAL.

Quick Justice Meted Out to the Bluecoats—All of Whom Pleaded Guilty to Charges.

Philadelphia, April 9.—Quick justice was meted out yesterday to the four policemen who were arrested on Saturday for robbing stores and warehouses on the beats which they patrolled in the wholesale district. Having been indicted early in the day, on charges of "entering without breaking, with intent to commit felony," "larceny," "receiving stolen goods," and "conspiracy," the accused pleaded guilty before Judge Kinsey and were sentenced to serve seven years in the Eastern penitentiary.

The convicted policemen are John W. Straub, John Kelly, C. M. Luckinbill and A. R. Sithens. With them in the conspiracy to rob were Harry Rothenberger, aged 19 years, whose arrest on a charge of larceny unearthed the plot, and W. A. Frost, a plumber, in whose place the men divided the proceeds of the robberies.

Frost and Rothenberger, who were indicted also, pleaded guilty and were also sentenced, Frost being sent to the penitentiary for four years, while Rothenberger was committed to the Huntington reformatory.
